

UI/UX DESIGNER

Hello, I'm Robin Singh

I am Trying to stay with Current Trends design. I've always admired how thoughtful design has the power to change our world. I work towards not only changing the position of buttons but crafting and designing experiences. As of IT Engineer background I have strong technical skills too and now more curious about this Design World.

Experience

2022 - CURRENT

UI/UX DESIGN INTERN

Seven Mentors, Pune

Worked on the UI/UX Design of different websites and apps. Designed wireframes, mockups and developing functional Prototypes. Worked closely with the design trends and learned more about overall user experience. Worked on trending tools of designs.
